FOREWORD

This student handbook was developed to answer many of the commonly asked questions that parents and students may have during the course of a school year. This handbook summarizes many of the official policies and administrative guidelines of the Board and the School District. To the extent that the handbook is ambiguous or conflicts with these policies and guidelines, the policies and guidelines shall control.

Because the handbook also contains information about student rights and responsibilities, each student is responsible for knowing its contents. Please take time to become familiar with the following information and keep the handbook available for your and your parents' use. It can be a valuable reference during the school year and a means to avoid confusion and misunderstanding when questions arise. Should you have any questions that are not addressed in this handbook, contact Nathan Wesener who you will find listed in the Staff Directory section of the handbook.

This handbook summarizes many of the official policies and administrative guidelines of the Board and the School District. If any of the policies or administrative guidelines referenced herein is revised after June 30, 2024 the language in the most current policy or administrative guideline prevails. The current policies are available on the District's website.

This Student/Parent Handbook is based in significant part on policies adopted by the Board of Education and Administrative Guidelines developed by the District Administrator. The Policies and Guidelines are periodically updated in response to changes in the law and other circumstances. Therefore, there may have been changes to the documents reviewed in this Handbook since it was printed. If you have questions or would like more information about a specific issue, contact your school principal.

EQUAL EDUCATION OPPORTUNITY/ANTI-HARASSMENT

It is the policy (Board Policy 2260 – Nondiscrimination and Access to Equal Educational Opportunity) of the School District to provide an equal education opportunity for all students. The right of a student to be admitted to school and to participate fully in curricular, extra-curricular, student services, recreational or other programs or activities shall not be abridged or impaired based on the traits of sex (including gender status, change of sex, or gender identity), race, color, national origin, religion, creed, ancestry, marital or parental status, sexual orientation or physical, mental, emotional or learning disability, or any other characteristic protected by Federal or state civil rights laws (hereinafter referred to as “Protected Characteristics”) or other protected characteristics as well as place of residence within School District boundaries, or social or economic background.

Students who have been identified as having an impairment or disability under Section 504 of the Rehabilitation Act or the Americans with Disabilities Act shall be provided with appropriate educational services. Parents who have questions should contact Anthony Sweere at (920) 853-3558.

It is also the policy (Policy 5517– Student Anti-Harassment) of the School District to maintain an educational environment that is free from all forms of harassment. This commitment applies to all School District operations, programs, and activities. All students, administrators, teachers, staff, and all other school personnel share responsibility for avoiding, discouraging, and reporting any form of harassment. This policy applies to conduct occurring in any manner or setting over which the School Board can exercise control, including on school property, or at another location if such conduct occurs during an activity sponsored by the School District.

The School District will not tolerate any form of harassment and will take all necessary and appropriate actions to eliminate it, including suspension or expulsion of students and disciplinary action against any other individual in the School District community. Additionally, appropriate action will be taken to stop and otherwise deal with any third party who engages in harassment against our students.

Any person who believes that the School District of Hilbert or any staff person has discriminated against them in violation of these policies may file a complaint. A formal complaint can be made in writing to a School District Compliance Officer listed below:

Anthony Sweere
District Administrator
(920) 853-3558 Ext 231
(920) 853-7030
sweeret@hilbertk12.org

Amy Schmitz
Elementary Principal
(920) 853-3558 Ext 333
(920) 853-7030
schmitza@hilbertk12.org

The complaint procedure is described in Board Policy 2260- Nondiscrimination and Access to Equal Educational Opportunity and Policy 5517 – Student Anti-Harassment. The policies are available in the school office and on the School District’s website.

Due to the sensitivity surrounding complaints of harassment, time lines are flexible for initiating the complaint process; however, individuals should make every effort to file a

complaint within thirty (30) days after the conduct occurs while the facts are known and potential witnesses are available. Once the complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) calendar days of the complaint being received).

If at any time during the investigation process the investigator determines that the complaint is properly defined as Bullying, under Board Policy 5517.01 - Bullying, and not harassment under Board Policy 5517 – Student Anti-Harassment, because the conduct at issue is not based on a student’s Protected Characteristics, the investigator shall transfer the investigation to the appropriate building principal.

Under no circumstances will the School District threaten or retaliate against anyone who raises or files a complaint.

The School District of Hilbert is committed to an educational environment that is free of harassment of any form. Our school will not tolerate any form of harassment and will take all necessary and appropriate action to eliminate it, including suspension or expulsion of students and disciplinary action against any other individual in the School District community. Additionally, appropriate action will be taken to stop and otherwise deal with any third party who engages in harassment against our students.

Harassment means behavior toward a student or group of students based, in whole or in part on the traits of sex (including gender status, change of sex, or gender identity), race, color, national origin, religion, creed, ancestry, marital or parental status, sexual orientation or physical, mental, emotional or learning disability, or any other characteristic protected by Federal or state civil rights laws (hereinafter referred to as “Protected Characteristics which substantially interferes with the student’s school or academic performance or creates an intimidating, hostile or offensive school environment. Harassment also includes “hate speech” directed against a student—the use of language, behavior, or images/symbols that express prejudice against a particular group or groups on the basis of any protected characteristic(s). Examples of conduct that may constitute harassment include:

- A. graffiti containing offensive language;
- B. name calling, jokes or rumors;
- C. threatening or intimidating conduct directed at another because of the other’s protected characteristic (e.g., sex, race, learning disability);
- D. notes or cartoons;
- E. slurs, negative stereotypes, and hostile acts which are based upon another’s protected characteristic;
- F. written or graphic material containing comments or stereotypes which is posted or circulated and which is aimed at degrading individuals or members of protected classes;

- G. a physical act of aggression or assault upon another because of, or in a manner reasonably related to, the individual's protected characteristic; or
- H. other kinds of aggressive conduct such as theft or damage to property, which is motivated by a protected characteristic.

NONDISCRIMINATION ON THE BASIS OF SEX

The Board of the Hilbert School District does not discriminate on the basis of sex in its education program or activity and is required by Title IX and its implementing regulations not to discriminate in such a manner. The requirement not to discriminate in its education program or activity extends to admission and employment. The School District's Title IX Coordinator(s) is/are:

Nathan Wesener
MS/HS Principal
(920) 853-3558 Ext 244
(920) 853-7030
wesenern@hilbertk12.org

Amy Schmitz
Elementary Principal
(920) 853-3558 Ext 333
(920) 853-7030
schmitza@hilbertk12.org

Any inquiries about the application of Title IX and its implementing regulations to the District may be referred to the Title IX Coordinator(s), the Assistant Secretary for the U.S. Department of Education's Office for Civil Rights, or both.

The Board has adopted a grievance process that provides for the prompt and equitable resolution of student and employee complaints alleging any action that is prohibited by Title IX and/or its implementing regulations. The grievance process is included in Board Policy 2266 – Nondiscrimination on the Basis of Sex in Education Programs or Activities. The grievance process specifically addresses how to report or file a complaint of sex discrimination, how to report or file a formal complaint of Sexual Harassment, and how the School District will respond.

It is a violation of this policy for anyone to knowingly making false statements or knowingly submitting false information during the sex discrimination complaint process, including intentionally making a false report of sexual harassment, or submitting a false formal complaint. The School District will not tolerate such conduct, which is a violation of the Student Code of Conduct.

Neither the Board nor any other person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, its implementing regulations, or Board Policy 2266- Nondiscrimination on the Basis of Sex in Education Programs or Activities, or because the individual made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this policy. Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sex discrimination or sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or formal complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX, its implementing regulations, or this policy, constitutes

retaliation. Retaliation against a person for making a report of sexual harassment, filing a formal complaint, or participating in an investigation, is a serious violation of Board Policy 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities that can result in the imposition of disciplinary sanctions, consequences, and/or other appropriate remedies.

All students, parents, and their representatives are advised to review Board Policy 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities for more information and detail regarding the School District's commitment to nondiscrimination on the basis of sex.

SEXUAL HARASSMENT

Sexual harassment is prohibited in our school and at school-sponsored activities in accordance with Board Policy 5517 – Student Anti-Harassment. Sexual harassment consists of unwelcome sexual advances, requests for sexual favors, sexually motivated physical conduct or other verbal or physical conduct or communication of a sexual nature when:

- A. submission to that conduct or communication is made a term or condition, either explicitly or implicitly, of obtaining an education; or
- B. submission or rejection of that conduct or communication by an individual is used as a factor in decisions affecting that individual's education; or
- C. conduct or communication has the purpose or effect of substantially or unreasonably interfering with an individual's education, or creating an intimidating, hostile or offensive educational environment.

Sexual harassment may include, but is not limited to:

- A. unwelcome verbal harassment or abuse;
- B. unwelcome pressure for sexual activity;
- C. unwelcome, sexually motivated or inappropriate patting, pinching or physical contact, other than necessary restraint of students by teachers, administrators or other school personnel to avoid physical harm to persons or property;
- D. unwelcome sexual behavior or words including demands for sexual favors, accompanied by implied or overt threats concerning an individual's educational status;
- E. unwelcome sexual behavior or words, including demands for sexual favors, accompanied by implied or overt promises of preferential treatment with regard to an individual's educational status; or

- F. unwelcome behavior or words directed at an individual because of their sex or sexual orientation;

Sexual harassment examples include, but are not limited to:

- A. repeatedly asking a person for dates or sexual behavior after the person has indicated no interest;
- B. rating a person's sexuality or attractiveness;
- C. staring or leering at various parts of another person's body;
- D. spreading rumors about a person's sexuality;
- E. letters, notes, telephone calls or materials of a sexual nature;
- F. displaying pictures, calendars, cartoons or other materials with sexual content;
- G. a pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another; or
- H. remarks speculating about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history.

It is also the policy of the School District that a sexual relationship between staff and students is not permissible in any form or under any circumstances, in or out of the school, in that it interferes with the educational process and may involve elements of coercion by reason of the relative status of a staff member to a student. An inappropriate boundary invasion by a School District employee or other adult member of the School District community into a student's personal space and personal life is sexual harassment.

If you wish to report harassment, please contact either of the School District's Title IX Coordinators listed below:

Nathan Wesener
MS/HS Principal
(920) 853-3558 Ext 244
(920) 853-7030
wesenern@hilbertk12.org

Amy Schmitz
Elementary Principal
(920) 853-3558 Ext 333
(920) 853-7030
schmitza@hilbertk12.org

Any person may report sexual discrimination, including sexual harassment, to the School District's Title IX Coordinator listed above, regardless of whether the person is the alleged victim of the reported conduct. The report may be made in person, by mail, by telephone, or by email. The report may be made at any time, including during nonbusiness hours.

A copy of Board Policy 2266 - Nondiscrimination of the Basis of Sex in Education Programs or Activities, including the reporting, investigation, and resolution procedures, is available in the school office and on the School District's website. Board Policy 5517 – Student Anti-

Harassment, as well as Board Policy 2266, both contain the complaint procedures and steps for investigating complaints under these policies.

Any person who is unsure about how to submit a complaint of discrimination, harassment, or sexual harassment is encouraged to immediately contact one of the listed Compliance Officers, a Title IX Coordinator, an administrator, or any trusted member of the staff for assistance in filing a complaint.

Retaliation against a person who files a complaint is prohibited by Board policy and Federal law. Any allegation of retaliation should be filed immediately with assurance that it will be taken seriously and fully investigated by the School District.

BULLYING

Bullying is defined as a person willfully and repeatedly exercising power or control over another with hostile or malicious intent. Bullying can be physical, verbal, electronically transmitted, psychological (e.g., emotional abuse), through attacks on the property of another, or a combination of any of these. Examples of bullying include:

- A. Physical – hitting, kicking, spitting, pushing, pulling, taking and/or damaging personal belongings or extorting money, blocking or impeding student movement, unwelcome physical contact.
- B. Verbal – taunting, malicious teasing, insulting, name calling, making threats.
- C. Psychological – spreading rumors, manipulating social relationships, coercion, or engaging in social exclusion/shunning, extortion, or intimidation.
- D. "Cyberbullying" – the use of information and communication technologies such as e-mail, cell phone and pager text messages, instant messaging (IM), defamatory personal web sites, and defamatory online personal polling web sites, to support deliberate, repeated, and hostile behavior by an individual or group, that is intended to harm others.

All complaints about aggressive behavior that may violate this policy shall be promptly investigated. If the investigation finds that aggressive behavior has occurred, it will result in prompt and appropriate discipline, co-curricular sanctions and/or disciplinary action up to and including suspension or expulsion. Individuals may also be referred to law enforcement officials.

Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry concerning allegations of bullying is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy and independent of whether a complaint is substantiated. Suspected retaliation should be reported in the same manner as bullying.

Making intentionally false reports about bullying for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Retaliation and intentionally making a false report may result in disciplinary action as indicated above.

If a student or other individual believes there has been bullying, regardless of whether it fits a particular definition, s/he should report it and allow the administration to determine the appropriate course of action. (Board Policy 5517.01 - Bullying)

STUDENT HAZING

Hazing activities of any type are inconsistent with the educational process and may in some circumstances be a violation of State law. The Board prohibits all such activities at any time in school facilities, on school property, and at any School District-sponsored activity or event.

Hazing is defined as performing any act or coercing another, including the victim, to perform any act of initiation into any class, group, or organization that causes or creates a risk of causing mental, emotional, or physical harm. Permission, consent, or assumption of risk by an individual subjected to hazing shall not lessen the prohibitions contained in this policy.

If hazing or planned hazing is discovered, the students involved shall be informed by the discoverer of the prohibitions contained in this policy and shall be ordered to end all hazing activities or planned activities immediately. All hazing incidents shall be reported immediately to the Building Principal or to the District Administrator.

Students who fail to abide by this policy may be subject to disciplinary action and may be held personally liable for civil or criminal penalties. Disciplinary action for students may include, but is not limited to, suspension and/or expulsion. [Policy 5516 – Student Hazing]

STUDENT RIGHTS AND RESPONSIBILITIES

The rules and procedures of School District of Hilbert are designed to allow each student to obtain a safe, orderly, and appropriate education. Students can expect their rights to freedom of expression and association and to fair treatment as long as they respect those rights for their fellow students and the staff. Students will be expected to follow teachers' directions and obey all school rules. Disciplinary procedures will comply with the requirements of State and Federal law.

Parents have the right to know how their child is succeeding in school and will be provided information on a regular basis and as needed, when concerns arise. Many times it will be the responsibility of the student to deliver that information. If necessary, U.S. mail or hand delivery may be used to ensure contact. Parents are encouraged to build a two-way link with their child's teachers and support staff by informing the staff of suggestions or concerns that may help their child better accomplish his/her educational goals.

No student shall be required, as a part of the school program or the School District's curriculum, without prior written consent of the student (if an adult, or an emancipated minor) or, if an unemancipated minor, the minor's parents, to submit to or participate in any survey, analysis, or evaluation that reveals information concerning: political affiliations or beliefs of the student or the student's parents; mental or psychological problems of the student or their family; sex behavior or attitudes; illegal, anti-social, self-incriminating, or demeaning behavior; critical appraisals of other individuals with whom respondents have close family relationships; legally recognized privileged and analogous relationships, such as those of lawyers, physicians, and ministers; religious practices, affiliations, or beliefs of the student or the student's parents; or income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program). (Board Policy 2416 – Student Privacy and Parental Access to Information)

Students must arrive at school on time, prepared to participate in the educational program. If, for some reason, this is not possible, the student should seek help from the Main Office (920-853-3558) or their Building Principal.

Adult students (age eighteen (18) or older) are expected to follow all school rules. If residing at home, adult students should include their parents in their educational program.

STUDENT WELL-BEING

Student safety is a responsibility of the staff. All staff members are familiar with emergency procedures such as fire, tornado, and emergency intruder drills and accident reporting procedures. Should a student be aware of any dangerous situation or accident, s/he must notify a staff person immediately.

All students must have an emergency medical information completed, signed by a parent or guardian, and filed in the school office. A student may be excluded from school until this requirement has been fulfilled.

Students with specific health care needs should submit those needs, in writing and with proper documentation by a physician, to the school office.

INJURY AND ILLNESS

All injuries must be reported to a teacher or to the office staff. If minor, the student will be treated and may return to class. If medical attention is required, the office will follow the School's emergency procedures. A student who becomes injured or ill during the school day should request permission from the teacher to go to the office. The office staff will determine whether the student should remain in school or go home. No student will be released from school without proper parental permission. (Board Policy 5340– Student Accidents/Illness/ Concussion & Sudden Cardiac Arrest)

HOMEBOUND INSTRUCTION

The School District may arrange for individual instruction to students of legal school age who are not able to attend classes because of a serious physical or emotional disability.

Parents should contact the principal regarding procedures for such instruction. (Board Policy 2412– Homebound Instruction)

SECTION I - GENERAL INFORMATION

ENROLLING IN THE SCHOOL

Wisconsin students generally enroll in the School District in which they live. However, the School District will release a resident student who is accepted as a student in another School District under that District's open enrollment program.

Students who are new to the School District of Hilbert are required to enroll with their parents or legal guardian unless the student is eighteen (18) years old. When enrolling, the parents will need to bring:

- A. a birth certificate or similar document;
- B. custody papers from a court (if appropriate);
- C. proof of residency; and
- D. proof of immunizations and/or an appropriate waiver.

In some cases, a temporary enrollment may be permitted. If that is done, the parents will be told what records are needed to complete the enrollment process.

Students enrolling from another school will have their courses and grades evaluated by the school counseling department. The office staff will assist parents in obtaining the official records from the previous school.

During the enrollment process, a parent (or adult student), may present information to the School District certifying that the parent (or adult student), his/her child, or a member of the parent's household is a participant in the Safe at Home/Address Confidentiality Program administered by the Wisconsin Department of Justice. In such cases the School District shall use the address designated by the Department of Justice to serve as the student's address for enrollment purposes. The District shall place a copy of any certification provided by the parent in the enrollment files.

Students experiencing homelessness who meet the Federal definition of homeless may enroll and will be under the direction of the Homeless Liaison with regard to enrollment procedures (Board Policy 5111.01– Homeless Students).

Students who meet the Federal definition of children and youth in foster care may enroll and will be under the direction of the Local Point of Contact with regard to enrollment procedures (Board Policy 5111.03– Children and Youth in Foster Care).

Adult students (eighteen (18) years of age or older) may enroll themselves, but if residing with their parents, are encouraged to include their parents in the process. Adult students do carry the responsibilities of both the student and parent and are expected to follow all school rules.

SCHEDULING AND ASSIGNMENT

Elementary Level

The Principal will assign each student to the appropriate classroom and the program in which the student will be participating. Any questions or concerns about the assignment should be discussed with the Principal.

Middle and High School Level

Schedules are provided to each student at the beginning of the school year or upon enrolling. The schedule is based upon the student's needs and available class space. Any changes in a student's schedule should be handled through the Student Services. It is important to note that some courses may be denied because of limited space or the need to complete prerequisites courses. Students are expected to follow their schedules. Any variation should be approved with a pass or schedule change.

Foreign students and foreign-exchange students (from recognized and approved student programs) are eligible for admission on the same basis as other non-resident students.

EARLY DISMISSAL

No student will be allowed to leave school prior to dismissal time without a written or oral request by the parent or legal guardian or the parent coming to the school office to request the release. No student will be released to a person other than a custodial parent(s) or guardian without a permission note signed by the custodial parent(s) or guardian. (Board Policy 5200 - Attendance and Policy 5230 – Release of Students to Authorized Persons) (

TRANSFER OUT OF THE DISTRICT

If a student plans to transfer to another school, the parent must notify the Building Principal and the School District Office. Transfer will be authorized only after the student has completed the arrangements, returned all school materials, and paid any fees or fines that are due. Parents are encouraged to contact the Building Principal for specific details.

OPEN ENROLLMENT

The School District of Hilbert participates in the Wisconsin Public School Open Enrollment Program in accordance with applicable law and the relevant policies and rules of the School District, all as amended from time-to-time. (Board Policy 5350 – Suicide Prevention, Intervention, and Postvention)

EMERGENCY MEDICAL AUTHORIZATION

The Board has established Board Policy 5341– Emergency Medical Authorization that requires every student to have an Emergency Medical Authorization Form completed and signed by his/her parent in order to participate in any activity off school grounds. This

includes field trips, spectator trips, athletic and other extra-curricular activities, and co-curricular activities.

The school has made the Emergency Medical Authorization Form available to every parent at the time of enrollment. A student's failure to submit the completed form may jeopardize the student's participation in school activities.

In circumstances where a student must take prescribed medication during the School day, the following guidelines of Board Policy 5330 – Administration of Medication/Emergency Care are to be observed.

A physician does not have to authorize such medication, but all of the other conditions described above under Use of Prescribed Medications will also apply to non-prescribed medications. The student may be authorized on the request form by his/her parent to self-administer the medication in the presence of a school staff member. No other exceptions will be made to these requirements.

The School District practices a policy of "no live lice", no nits as a criteria for return to school.(Board Policy 8451 - Pediculosis)

CONTROL OF CASUAL-CONTACT COMMUNICABLE DISEASES

Because a school has a high concentration of people, it is necessary to take specific measures when the health or safety of the group is at risk. In accordance with Board Policy 8450 – Control of Casual-Contact Communicable Diseases, a teacher, nurse, or Principal may send home a student who is suspected of having a communicable disease and will notify the parent of such action and the reason(s) it was taken. School officials may be required to notify local health officials if they suspect a student has a covered communicable disease. School officials will comply with notification requirements of the Wisconsin Department of Health Services in addition to notifying the student's parent.

Examples of such diseases include diphtheria, scarlet fever, strep infections, whooping cough, mumps, measles, rubella, and other conditions indicated by the Wisconsin Department of Health Services.

Any student's removal from school will only be for the contagious period or as specified by the Department of Health Services.

DIRECT CONTACT COMMUNICABLE DISEASES

In the case of direct contact communicable diseases, the school still has the obligation to protect the safety of the staff and students. In these cases, the person in question will have his/her status reviewed by a panel of resource people to ensure that the rights of the person affected and those in contact with that person are respected. The school will seek to keep students and staff in school unless there is definitive evidence to warrant exclusion.(Board Policy 8453 – Direct Contact Communicable Diseases)

Direct contact communicable diseases include sexually transmitted diseases, AIDS (Acquired Immune Deficiency Syndrome), ARC-AIDS Related Complex, HIV (Human Immunodeficiency Virus), Hepatitis B, and other diseases that may be specified by the Wisconsin Department of Health Services.

As required by Federal and State law, parents may be required to have their child's blood checked for HIV and HBV, and other blood-borne pathogens when the child has bled at school and students or staff members have been exposed to the blood. Any testing is subject to laws protecting confidentiality.

STUDENTS WITH DISABILITIES

The American's with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act provide that no individual will be discriminated against on the basis of a disability (Board Policy 2260.01 – Section 504/ADA Prohibition Against Discrimination Based on Disability). This protection applies not just to the student, but to all individuals who have access to the School District's programs and facilities.

A student can access Special Education services through the proper evaluation and placement procedure. Parent involvement in this procedure is generally required. More important, the school encourages parents to be active participants. To inquire about Special Education programs and services, a parent should contact Christina DeMarco at (920) 853-3558. (Board Policy 2460 – Programs for Students with Disabilities)

The School District is committed to identifying, evaluating, and providing a free appropriate public education ("FAPE") to students within its jurisdiction who are disabled within the definition of Section 504, regardless of the nature or severity of their disabilities.

SERVICE ANIMALS AND OTHER ANIMALS ON DISTRICT PROPERTY

Students, parents, and other members of the public may be accompanied at school by a service animal in accordance with Federal and State law and Board Policy 8390 – Animals on District Property.

Other animals permitted in schools and elsewhere on School District property shall be limited to those necessary to support specific curriculum-related projects and activities as approved by the principal.

An emotional support animal is not granted the same access to school buildings and classrooms, as service animals. The School District is not required to grant students' requests that they be permitted to bring an emotional support animal to classes or on school grounds for any purpose.

Therapy dogs which meet the certification and documentation requirements in Board Policy 8390 – Animals on District Property may be allowed limited access to the schools to perform their educational purpose as determined by the principal.

BILINGUAL STUDENTS/ENGLISH LEARNERS

The School District recognizes that there may be students enrolled whose primary language is not English. The School District provides appropriate identification and transition services for students who possess limited English language proficiency. The purpose of these services is to develop English language skills that will enable the students to function successfully in an all English classroom and complete the School District's required curriculum. (Board Policy 2260.02 – Services for Bilingual Students/English Learners)

To inquire about programs and services for students with limited English language proficiency, a parent should contact Amy Schmitz at (920) 853-3558.

STUDENT RECORDS

The origination and maintenance of appropriate student records are essential to the effective operation of the School District and meeting the educational interests of students. The rights and responsibilities of students, parents and the School District with respect to student records are governed by State and Federal law (Board Policy 8330 – Student Records). Many student records are kept by teachers, counselors, and administrative staff. There are two (2) basic kinds of student records - directory information and confidential records.

Directory information can be given to any person or organization when requested, unless the parents of the student object in writing to the disclosure as required under school policy and State and Federal law. Directory information is specified in Board Policy 8330 – Student Records and includes a student's name, address, telephone number, date and place of birth, photograph, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, date of graduation, photographs, name of school most recently previously attended, and degrees and awards received. Directory information also includes a student ID number, user ID, or other unique personal identifier used by the student when accessing or communicating in a School District's electronic systems, if, standing alone, it cannot be used to access student education records, (i.e. a pin number, password, or other factor is also needed).

If parents and eligible students do not submit such written notification to the School District, directory information may be utilized by the District Administrator in District-wide publications, on the cable television educational access channel, or on the School District's website. The directory information used will be properly verified and approved by the District Administrator.

Student records are generally considered confidential under State and Federal law and may not be released to third parties unless the student's parents consent in writing. However, there are exceptions to confidentiality, and requests for records within these exceptions may be granted without a parent's written consent. If you have questions about the confidentiality of student records and/or the release of student records to third-parties, please contact Anthony Sweere (920) 853-3558 or consult the Board's Policy 8330 - Student Records.

Parents and students are reminded of: 1) their rights to inspect, review and obtain copies of students records; 2) their rights to request the amendment of the student's school records if they believe the records are inaccurate or misleading; 3) their rights to consent to the disclosure of the student's school records, except to the extent State and Federal law authorizes disclosure without consent; 4) the categories of student record information which have been designated as directory information and their right to deny the release of such information; and 5) their right to file a complaint with the Family Policy Compliance Office of the U.S. Department of Education.

Consistent with the Protection of Pupil Rights Amendment (PPRA), no student shall be required, as a part of the school program or the School District's curriculum, without prior written consent of the student (if an adult, or an emancipated minor) or, if an unemancipated minor, his/her parents, to submit to or participate in any survey, analysis, or evaluation that reveals information concerning:

- A. political affiliations or beliefs of the student or his/her parents;
- B. mental or psychological problems of the student or his/her family;
- C. sex behavior or attitudes;
- D. illegal, anti-social, self-incriminating or demeaning behavior;
- E. critical appraisals of other individuals with whom respondents have close family relationships;
- F. legally recognized privileged and analogous relationships, such as those of lawyers, physicians, and ministers;
- G. religious practices, affiliations, or beliefs of the student or his/her parents; or
- H. income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program).

Consistent with the PPRA and Board policy, parents may inspect any materials used in conjunction with any such survey, analysis, or evaluation. Please contact Anthony Sweere at (920) 853-3558 to inspect such materials.

Further, parents have the right to inspect, upon request, a survey or evaluation created by a third party before the survey/evaluation is administered or distributed by the school to the student. The parent will have access to the survey/evaluation within a reasonable period of time after the request is received by the building principal.

The District Administrator will provide notice directly to parents of students enrolled in the District of the substantive content of this policy at least annually at the beginning of the school year, and within a reasonable period of time after any substantive change in this policy. In addition, the District Administrator is directed to notify parents of students in the District, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when the following activities are scheduled or expected to be scheduled:

- A. activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information for otherwise providing that information to others for that purpose); and

- B. the administration of any survey by a third party that contains one or more of the items described in A through H above.

The Family Policy Compliance Office in the U.S. Department of Education administers both Family Educational Rights and Privacy Act (FERPA) and Protection of Pupil Rights Amendment (PPRA). Parents and/or eligible students who believe their rights have been violated may file a complaint with:

(Board Policy 8330 Student Records)

The directory information used will be properly verified and approved by the District Administrator.

Annually the Board will notify male students age eighteen (18) or older that they are required to register for the selective service.

STUDENT FEES, FINES, AND CHARGES

Fees or charges are determined by the cost of materials, freight/handling fees, and add-on fees for loss or damage to school property (Board Policy 6152 – Student Fees, Fines, and Charges). The school and staff do not make a profit.

Fees may be waived in situations where there is financial hardship. (Board Policy 6152.01 – Waiver of School Fees or Fines) Students using school property and equipment can be fined for excessive wear and abuse. The fine will be used to pay for the damage, not to make a profit.

Late fines for Library Media Center materials can be avoided when students return checked-out materials promptly. Their use may be needed by others.

Students who fail to pay fines, fees, or charges may be denied participation in graduation ceremonies. (Board Policy 5460 – Graduation Requirements)

STUDENT FUND-RAISING

Students participating in school-sponsored groups and activities will be allowed to solicit funds from other students, staff members, and members of the community in accordance with school guidelines (Board Policy 5830 – Student Fundraising). - G. No student may participate in a fund-raising activity conducted by a parent group, booster club, or community organization on school property without the approval of the Principal.
- H. Fundraising by students on behalf of school-related organizations whose funds are not managed by the School District may be permitted on school grounds by the District Administrator.

STUDENT VALUABLES

(Board Policy 8431 – Preparedness for Toxic Hazards and Policy 8431.01 – Asbestos Management)

VISITORS

Visitors, particularly parents, are welcome at the School. In order to properly monitor the safety of students and staff, each visitor must report to the office upon entering the school to register and obtain a pass. Any visitor found in the building without a pass shall be reported to the Administration and/or law enforcement.

If a person wishes to confer with a member of the staff, s/he should call for an appointment prior to coming to the school, in order to prevent any loss of instructional time. Visitors access to classrooms and instructional activities are subject to reasonable restrictions and limits. Please consult with the Building Principal regarding these restrictions. If such an individual refuses to leave the school grounds or creates a disturbance, administrators are authorized to request from the local law enforcement agency whatever assistance is required to remove the individual.

LOST AND FOUND

The lost and found area is in the Student Services Office. Students who have lost items should check there and may retrieve their items if they give a proper description. Unclaimed items will be given to charity at the close of the school year.

No student is permitted to sell any item or service in school without the approval of the Building Principal. Violation of this rule may lead to disciplinary action.

USE OF SCHOOL TELEPHONES

Office telephones are not to be used for personal calls. Except in an emergency, students will not be called to the office to receive a telephone call. Office personnel will initiate all calls on behalf of a student seeking permission to leave school.

USE OF CELL PHONES, OR PERSONAL COMMUNICATION DEVICES (Policy 5136 – Personal Communication Devices)

PCDs, with cameras or any other recording capabilities, may not be activated or utilized at any time in any school situation where a reasonable expectation of personal privacy exists. These locations and circumstances include, but are not limited to, classrooms, gymnasiums, locker rooms, shower facilities, rest/bathrooms, and any other areas where students or others may change clothes or be in any stage or degree of disrobing or changing clothes. The District Administrator and building principals are authorized to determine other specific locations and situations where use of a PCD is absolutely prohibited.

Students shall have no expectation of confidentiality with respect to their use of PCDs on school premises/property.

Students may not use a PCD in any way that might reasonably create in the mind of another person an impression of being threatened, humiliated, harassed, embarrassed, or intimidated. See Board Policy 5517.01 – Bullying. In particular, students are prohibited from using PCDs to: (1) transmit material that is threatening, obscene, disruptive, or sexually explicit or that can be construed as harassment or disparagement of others based upon their race, color, national origin, sex (including sexual orientation/gender identity), disability, age, religion, ancestry, or political beliefs; and (2) engage in "sexting" - i.e., sending, receiving, sharing, viewing, or possessing pictures, text messages, e-mails or other materials of a sexual nature in electronic or any other form. Violation of these prohibitions shall result in disciplinary action. Furthermore, such actions will be reported to local law enforcement and child services as required by law.

Students are also prohibited from using a PCD to capture, record, and/or transmit test information or any other information in a manner constituting fraud, theft, cheating, or academic dishonesty. Likewise, students are prohibited from using PCDs to receive such information.

Possession of a PCD by a student at school during school hours and/or during extra-curricular activities is a privilege that may be forfeited by any student who fails to abide by the terms of this policy, or otherwise abuses this privilege.

Violations of this policy may result in disciplinary action and/or confiscation of the PCD. The building principal will also refer the matter to law enforcement or child services if the violation involves an illegal activity (e.g., child pornography, sexting). Discipline will be imposed on an escalating scale ranging from a warning to an expulsion based on the number of previous violations and/or the nature of or circumstances surrounding a particular violation. If the PCD is confiscated, it will be released/returned to the student's parent after the student complies with any other disciplinary consequences that are imposed, unless the violation involves potentially illegal activity in which case the PCD may be turned over to law enforcement. A confiscated device will be marked in a removable manner with the student's name and held in a secure location in the building's main office until it is retrieved by the parent or turned over to law enforcement. School officials will not search or otherwise tamper with PCDs in District custody unless they reasonably suspect that the search is required to discover evidence of a violation of the law or other school rules. Any search will be conducted in accordance with Board Policy 5771 - Search and Seizure. If multiple offenses occur, a student may lose his/her privilege to bring a PCD to school for a designated length of time or on a permanent basis.

A person who discovers a student using a PCD in violation of this policy is required to report the violation to the building principal.

Students are personally and solely responsible for the care and security of their PCDs. The Board assumes no responsibility for theft, loss, or damage to, or misuse or unauthorized use of, PCDs brought onto its property. [Board Policy 5136 – Personal Communications Devices]

"Sexting" is prohibited at any time on school property or at school functions. Sexting is the electronic transmission of sexual messages or picture, usually through cell phone text messaging. Such conduct not only is potentially dangerous for the involved students, but can lead to unwanted exposure of the messages and images to others, and could result in criminal violations related to the transmission or possession of child pornography. Such conduct will be subject to discipline and possible confiscation of the PCD.

WEAPONS **(Policy 5772 – Weapons)**

The Board prohibits students from possessing, storing, making, or using a weapon in any setting that is under the control and supervision of the District for the purpose of school activities approved and authorized by the District including, but not limited to, property leased, owned, or contracted for by the District, a school-sponsored event, or in a District vehicle, to the extent permitted by law.

The term "weapon" means any object which, in the manner in which it is used, is intended to be used, or is represented, is capable of inflicting serious bodily harm or property damage, as well as endangering the health and safety of persons. Weapons include, but are not limited to, firearms (including, but not limited to, firearms as

The report should include as much detail as possible concerning the person(s) involved, the weapon, the location of the person(s), and how this information was obtained.

No student is to confront the person possessing the weapon, but a staff member has the option of confronting the person if the staff member believes the risk of injury to self or others is minimal or if immediate action is necessary to prevent injury to any person.

This policy will be published annually in all District student and staff handbooks. Publication is not a precondition to enforcement of this policy.

ACADEMIC AND CAREER PLANNING

Academic and career planning services, including individualized support and access to software tools and staff assistance, is provided to students in grades 6 to 12. The mission of academic and career planning is to provide a comprehensive plan, which will be developed and maintained by a student, that includes the student's academic, career, personal, and social goals and the means by which the student will achieve those goals both before and after high school graduation. (Board Policy 2411 – School Counseling and Academic and Career Planning)

PROGRAM OR CURRICULUM MODIFICATIONS

The Board recognizes that the regular school program may not be appropriate for all students. Field trips are academic activities that are held off school grounds. There are also other trips that are part of the school's co-curricular and extra-curricular program. No student may participate in any school-sponsored trip without parental consent. (Board Policy 2340 District Sponsored Trips)

Attendance rules, the Student Code of Conduct, and the Search and Seizure policy apply to all field trips.

GRADES

Teachers have a standard grading procedure, as well as additional notations that may indicate work in progress or incomplete work. The purpose of a grade is to indicate the extent to which the student has acquired the necessary learning. In general, students are assigned course grades based upon test results, homework, projects, and classroom participation. Each teacher may place a different emphasis on these areas in determining a course grade and will so inform the students at the beginning of the course work. If a student is not sure how his/her course grade will be determined, s/he should ask the teacher.

Grading Periods

Students shall receive a report card at the end of each 9 week period indicating their grades for each course of study for that portion of the academic term.

When a student appears to be at risk of failure, notification will be provided to the parents so they can talk with the teacher about what actions can be taken to improve the student's performance.

Guidelines for computation of grade point average – 5126

The following are the grade point equivalents for assigned letter grades.

A = 4.0	A- = 3.667	B+ = 3.333

C = 2.0	C- = 1.667	D+ = 1.333
D = 1.0	D- = 0.667	F = 0.0

Honor roll - 5126.1

Superior Honors	= 3.75 - 4.0
High Honors	= 3.48 - 3.749
Honors	= 3.20 - 3.479

PROMOTION, PLACEMENT, AND RETENTION

Board Policy 5410 – Promotion, Placement and Retention and related guidelines provide the framework for promotion, placement, and retention decisions.

Elementary - Middle School

Promotion to the next grade (or level) is based on the following criteria:

- A. current level of achievement
- B. potential for success at the next level
- C. emotional, physical, and/or social maturity

High School

A student's progress toward graduation and receiving a diploma is determined by completing required coursework, earning the necessary credits and passing appropriate tests. A student is only promoted when the necessary requirements are met or the student has completed the goals and objectives of an Individualized Education Plan (I.E.P.). It is the student's responsibility to keep in contact with his/her counselor and teachers to ensure that all requirements are being met. Information about credit and course requirements is available in the Student Services office and a counselor will be pleased to answer any questions.

GRADUATION REQUIREMENTS

Diploma

Normally, a student will complete graduation requirements in four (4) years. In order to receive a diploma and graduate, a student will need to meet the School District's requirements for basic course work and earn the total number of required credits.

Specific course requirements are:

English	4 credits
Health	.5 credit
Phys. Ed.	1.5 credits
Mathematics	3 credits
Science	3 credits
Social Studies	3.5 credits (including Personal Finance)
Electives	7.5 credits
Total	23 credits

In recognizing its responsibility to uphold the minimum educational standards of the State of Wisconsin, the Board has established a policy and criteria regarding the acceptance of credits for students transferring to the high school from nonpublic schools, whether they are private schools, as defined by law, or other types of schools. For credit or course-work to be accepted for courses taken in such schools, assurance of compliance with minimum requirements established by the State must be provided. Accepted credits from nonpublic schools will be entered on the student's transcript with a notation of the school at which the credits were earned.

The School District may grant a high school diploma to a student who has not satisfied the requirements under policy if the student was enrolled in an alternative education program and the School District determines that the student has demonstrated a level of proficiency in the subjects required under this policy.

Depending upon the disability profile, students in special education shall either receive a diploma, a certificate of completion if certified they have properly completed the requirements of their IEP, or received the recommendation of the IEP Team, as related to completion of credit requirements through regular, special or alternative education. They may participate in all graduation activities.

A student may be denied participation in graduation activities for disciplinary reasons and/or for nonpayment of fees. (Board Policy 5460 – Graduation Requirements)

A complete explanation of the requirements for graduation are listed in the High School Course Selection Guide.

CHILDREN AT-RISK OF NOT GRADUATING FROM HIGH SCHOOL

The Board shall establish programs to serve children in the School District who are identified as "children at-risk" in compliance with State statutes.

The School District shall identify all children at-risk enrolled in the School District and assure that a plan is developed for each such student that describes how the District will

meet each student's needs. Each plan shall be completed on or before August 15th of each year. All programs and services developed for "children at-risk" shall be designed to improve and expand educational opportunities for these children on an individualized basis, through a variety of means (e.g., additional instruction, differentiation, intervention), and provide alternative courses or program modifications which satisfactorily meet the School District's graduation requirements.

Principals are responsible for identifying and addressing barriers to learning through a variety of strategies. The plan will communicate the structure, strategies, and program offerings for students at-risk which will vary by individual. Strategies for support, interventions, programs, and alternative educational options are made available to all students and at all levels as needed. (Board Policy 5461 – Children At-Risk of Not Graduating from High School)

EARLY COLLEGE CREDIT PROGRAM

Any student in 9th, 10th, 11th, or 12th grade may enroll in the Early College Credit Program providing s/he meets the requirements established by law and by the School District and subject to the approval of the Board on an annual basis. A student or his/her parent must also complete and submit the Intent to Participate Form available from the Student Services Office or the Department of Public Instruction to the high school administration by February 1st if the student intends to enroll in the summer session, by March 1st if the student intends to enroll in the next fall semester, and by October 1st if s/he intends to enroll in the spring semester. A student or his/her parent must also complete the application form and submit it to the high school Student Services Office by March 1st if the student intends to enroll in the next fall semester or by October 1st if s/he intends to enroll in the spring semester. Any interested student should contact Student Services and/or the School Counselor to obtain the necessary information. (Board Policy 2271.01 – Start College Now Program)

PART-TIME OPEN ENROLLMENT

The Board will provide students enrolled in the School District with the ability to take up to two (2) courses at any given time in a non-resident public school district. Any interested student should contact Student Services and/or the School Counselor to obtain the necessary information. (Board Policy 5113.01 – Part-Time Open Enrollment)

ACADEMIC HONESTY

Honesty and integrity are expected at all times. Students are prohibited from presenting someone else's work as their own, using artificial intelligence platforms in place of one's own work, providing unauthorized assistance to another student, and cheating in all its forms.

All school work submitted for the purpose of meeting course requirements must be the individual student's original work. Also, no student may intentionally limit or impede the academic performance or intellectual pursuits of other students.

Students who engage in cheating or academic dishonesty will be subject to disciplinary consequences. (Board Policy 5505 – Academic Honesty)

Cheating is a serious offense threatening the integrity of the educational process. Cheating offenses are counted cumulatively each school year.

The consequences for cheating are:

1st offense:

1. No credit on the work
2. Detention – amount of time to be determined
3. Letter to parents and honor societies.

2nd offense:

1. No credit on the work
2. Detention - amount of time to be determined
3. Remediation plan which may include; a failing mark for the quarter.
4. Letter to parents

3rd offense:

1. A failing mark for the quarter in the class the cheating occurred.
2. In-school or out-of-school suspension. Amount of time to be determined.
3. Letter to parents.

4th offense:

1. A failing mark for the semester in the class the cheating occurred.
2. Out-of-school suspension. Amount of time to be determined.
3. Letter to parents.
4. Possible recommendation to the Board of Education to expel the student for the remainder of the semester.

PLAGIARISM LEVELS AND CONSEQUENCES

Level 1

Consequences – Disciplinary referral to principal and a zero on the assignment if it is the first time. Failure of the course if it is a second offense. No chance for revision. Parents will be informed. Honor societies will be informed. Examples of this level of plagiarism include but are not limited to:

1. Student purchases an online paper or submits a paper written by someone else or which he/she has previously used in another course without getting instructor permission.
2. Student submits **any** work by another person as his/her own.
3. Student submits work created by an AI tool as his/her own.
4. Student copies word for word from another source without giving the source credit.
5. Student changes words or phrases (paraphrases), but the work is obviously from another source which has not been credited in any way.
6. Student uses ideas/words/phrases from another source when he/she was supposed to create an original work.
7. Student cites false sources in an effort to mislead the teacher about the work's originality.
8. Student uses Cliff Notes, Spark Notes, and other similar summaries and/or book guides or discussions whether in print or online without the teacher's specific permission.
9. Student provides no source citations/works cited of any kind.
10. Student uses a translation website.

Level 2

Consequences – Students may redo the paper within one week of receiving notice of plagiarism. Paper will receive a deduction of one letter grade or standard number. Failure to redo the paper will result in a zero.

1. Student provides a works cited list, but does not cite sources or provide quotes within the paper.
2. Four or more Level 3 offenses within one work.

Level 3

Consequences – Students must redo the paper within one week of receiving notice of plagiarism. Failure to redo the paper will result in a zero.

1. Student fails to put quotation marks around a direct quote. The source is in works cited.
2. Too much of a student's work is not original. (Too many quotes, etc.)
3. Student paraphrases/summarizes too closely to the original text while giving the source credit.
4. Student fails to cite one source within the work, but does have the source in works cited.

A second Level 2 or Level 3 offense by a student will automatically become a Level 1 offense.

Plagiarism is considered a serious offense in post-secondary institutions and in careers. It can lead to course failure, suspension, or expulsion from educational institutions. It can harm a person's reputation and lead to legal and financial consequences in the real world. Plagiarism in high school is a serious offense. If students are in doubt about citing a source, it is always best to cite it or ask their teacher. Students should be reminded that becoming good readers, writers, and communicators takes time and effort and taking shortcuts can lead to serious consequences.

STUDENT TECHNOLOGY ACCEPTABLE USE AND SAFETY

Students are encouraged to use the school's technology resources for educational purposes. Use of such resources is a privilege, not a right. Students must conduct themselves in a responsible, efficient, ethical, and legal manner. Users are required to refrain from actions that are illegal (such as libel, slander, vandalism, harassment, theft, plagiarism, inappropriate access, and the like) or unkind (such as personal attacks, invasion of privacy, injurious comment, and the like). Unauthorized or inappropriate use, including any violation of the School District's policies and administrative guidelines, may result in cancellation of the privilege, disciplinary action consistent with the School's rules, and civil or criminal liability. Smooth operation of the School's network relies upon users adhering to the School District's policies and administrative guidelines. Prior to accessing the Internet at School, students must sign the Student Technology Acceptable Use and Safety Agreement.

Violation of the Student Technology Acceptable Use and Safety Agreement may result in disciplinary consequences up to and including expulsion from the School District, civil liability and/or referral to law enforcement.

The School District reserves the right to monitor, inspect, copy, review and store at any time and without prior notice any and all usage of the computer network and Internet access and any and all information transmitted or received in connection with such usage. All such information files shall be and remain the property of the School District and no user shall have any expectation of privacy regarding such materials.

Use of School District technology resources to engage in "cyberbullying" is prohibited. "Cyberbullying" involves the use of information and communication technologies to support deliberate, repeated, and hostile behavior by an individual or group, which is intended to harm others."

Cyberbullying includes, but is not limited to the following:

1. posting slurs or rumors or other disparaging remarks about a student or school staff member on a web site or on weblog;
2. sending e-mail or instant messages that are mean or threatening, or so numerous as to drive up the victim's cell phone bill;
3. using a camera phone to take and send embarrassing and/or sexually explicit photographs/recordings of students or school staff;
4. posting misleading or fake photographs of students or school staff members on web sites.

To the extent permitted by the First Amendment, instances of cyberbullying off school grounds that disrupt the school environment or interfere with the learning process will be considered violations of the Student Code of Conduct. (Board Policy 7540.03 – Student Technology Acceptable Use and Safety)

STUDENT ASSESSMENT

To measure student progress, students will be tested in accordance with State standards and School District policy. (Board Policy 2623 – Student Assessment)

Additional assessment are given to students to monitor progress and determine educational mastery levels. These tests are used to help the staff determine instructional needs.

Classroom tests will be used to assess student progress and assign course grades. These are selected or prepared by teachers to assess how well the students have achieved specific objectives.

Vocational and interest surveys may be given to identify particular areas of student interest or talent. These are often given by the school counseling staff.

If necessary, intelligence tests, speech and language evaluations, individually administered achievement tests, and other special testing services are available to students needing these services.

Depending on the type of testing, specific information and/or parent consent may need to be obtained. The assessment program will not violate the rights of consent and privacy of a student participating in any form of evaluation.

College entrance testing information can be obtained from the Student Services Office and/or the School Counselor.

SECTION III - STUDENT ACTIVITIES

SCHOOL-SPONSORED CLUBS AND ACTIVITIES

Students have the opportunity to broaden their learning through curricular-related activities. A curricular-related activity may be required for a particular course, and/or contain school subject matter.

The school has many student groups that are approved by the Board.

Extra-curricular activities do not reflect the school curriculum, but are made available to students to allow them to pursue additional worthwhile activities such as recreational sports, drama, and the like.

All students are permitted to participate in the activities of their choosing, as long as they meet the eligibility requirements. (Board Policy 2430 – District Sponsored Clubs and Activities)

NONSCHOOL-SPONSORED CLUBS AND ACTIVITIES

initiated by students, attendance is voluntary, no School staff person is actively involved in the event, the event will not interfere with School activities, and non-school persons do not play a regular role in the event. School rules will still apply regarding behavior and equal opportunity to participate.

Membership in any fraternity, sorority, or any other secret society as proscribed by law is not permitted. All groups must comply with School rules and must provide equal opportunity to participate.

No non-district sponsored organization may use the name of the School or the School mascot or logo. (Board Policy 5730 – Equal Access for Nondistrict-Sponsored Clubs and Activities)

SCHOOL SPONSORED PUBLICATIONS AND PRODUCTIONS

The Board sponsors student publications and productions as a means by which students learn, under adult direction/supervision, the rights and responsibilities inherent when engaging in the public expression of ideas and information in our democratic society. (Board Policy 5722 – School-Sponsored Publications and Productions)

ATHLETICS

A variety of athletic activities are available in which students may participate providing they meet eligibility requirements that may apply. For further information, contact Kristen Remington, the Athletic Director, at (920) 853-3558.

Compulsory Student Attendance

All children between six (6) and eighteen (18) years of age shall attend school regularly during the full period and hours, religious holidays excepted, that the school is in session. All students must attend until the end of the term, quarter or semester of the school year in which the child becomes eighteen (18) years of age unless they fall under an exception outlined in the Board Policy 5200 - Attendance. This statement must be submitted prior to the absence if the absence is foreseeable. If the absence is not foreseeable, the statement must be provided prior to the student's readmission to school. The statement shall be submitted to the school office Officer and filed in the student's school record. The School District reserves the right to verify statements and investigate absences from school.

Release of Students to Authorized Persons

If only one (1) parent is permitted to make educational decisions or to approve absences of the student by Court order, the responsible parent shall provide the school with a copy of the Court order. Absent such notice, the school will presume that the student may be released into the care of either parent.

No student who has a medical disability which may be incapacitating may be released without a person to accompany him/her.

No student shall be released to anyone who is not authorized by a parent with authority to do so.

Excused Absences

A student shall be excused from school for the following reasons:

Physical or Mental Condition

The student is temporarily not in proper physical or mental condition to attend a school program. If the absence exceeds 3 days, the inability of the student to attend school due to a physical or mental condition must be certified in writing by a licensed physician, dentist, chiropractor, optometrist or psychologist or Christian Science practitioner living and residing in Wisconsin, who is listed in the Christian Science Journal. The time period for which the certification is valid may not exceed thirty (30) days.

Obtaining Religious Instruction

Students may wish to obtain religious instruction outside the school during the required school period. The time period or periods of absence shall be determined by Building Principal. Such absences must be at least 60 minutes but not more than 180 minutes per week. Requests for absence under this paragraph shall be denied if the student fails to attend religious instruction after requesting to be absent from his or her regular school. The supervisor of such religious instruction shall report monthly, to the principal of the school regularly attended, the names of the students who attended such weekly religious instruction. See Policy 5223 – Absences for Religious Instruction for further details.

Permission of Parent or Guardian

The student may be excused by his or her parent or guardian before the absence for any or no reason. A student may not be excused for more than ten (10) days under this paragraph and must complete any course work missed during the absence. - B. to attend the funeral
- C. legal proceedings that require the student's presence
- D. college visits
- E. job fairs
- F. vacations

Parents are encouraged not to take their child out of school for vacations. When a family vacation must be scheduled during the school year, the parents should discuss the matter with the Principal and the student's teacher(s) to make necessary arrangements.

Religious Holiday

The student wishes to observe a religious holiday consistent with the student's creed or belief.

Suspension or Expulsion

The student has been suspended or expelled.

Program or Curriculum Modification ***[high school only]***

Students may be excused from regular school attendance to participate in a program or curriculum modification leading to high school graduation or a high school equivalency diploma as provided by State law.

High School Equivalency – Secured Facilities ***[high school only]***

A student may be excused from regular school attendance to participate in a program leading to a high school equivalency diploma in a secured correctional facility, a secured child caring institution, a secure detention facility, or a juvenile portion of a county jail. The student and his/her parent or guardian must agree that the student will continue to participate in such a program.

Child at Risk ***[high school only]***

The student is a “child at risk” as defined under State law and is participating in a program at a technical college on either a part-time or full-time basis leading to high school, as provided under State law. Election Day Official ***[high school only]***

A high school student age sixteen (16) or seventeen (17) is permitted to be excused to serve as an election official provided that the following criteria are met: (1) the student has the permission of his/her parent to serve as an election official on election day; (2) the student has signed up and the municipal clerk has informed the principal that the student has been assigned to serve in this capacity; and (3) the student has at least a 3.0 grade point average or equivalent, or has met alternative criteria established by Board, if any. The principal shall promptly notify the municipal clerk or the board of election commissioners of the municipality that appointed the child as an election official if the child no longer has at least a 3.0 grade point average or the equivalent, or no longer meets the established alternative requirements. A student's absence to serve as an election official under this policy shall be treated as an excused absence. Where possible students are encouraged to provide advance notice as much as possible. Students are responsible for completing any missed school work and responsible for making appropriate arrangements to do so.

A student may be excused from school, as determined by the School Attendance Officer, for the following reasons:

A. Quarantine

Quarantine of the student's home by a public health officer.

B. Illness of an Immediate Family Member

The illness of an immediate family member.

C. Emergency

An emergency that requires the student to be absent because of family responsibilities or other appropriate reasons.

Truancy

A student will be considered truant if he or she is absent part or all of one or more days from school during which the School Attendance Officer, Principal, or a teacher has not been notified of the legal cause of such absence by the parent or guardian of the absent student. A student will also be considered truant if the student has been absent intermittently for the purpose of defeating the intent of the Wisconsin Compulsory Attendance statute (Sec. 118.15, Wis. Stat.).

When a student is truant, the School Attendance Officer shall ensure that all applicable provisions of the School District's Truancy Plan are carried out.

Unexcused Absences

Unexcused absences demonstrate a deliberate disregard for the educational program and are considered a serious matter. The Principal will determine on a case-by-case basis the appropriate methods to deal with unexcused absences. The following methods may be considered:

- A. Counseling the student;
- B. Requiring the student to make-up lost time;
- C. Requiring the student to make-up course work and/or examinations, as permitted under this Guideline;
- D. Conferring with the student's parents;
- E. Suspending the student from school;

Administrative action to address unexcused absences shall be in accord with due process as defined in Policy 5611 – Due Process Rights, the Student Code of Conduct, and other applicable Board Policies.

Late Arrival and Early Dismissal

It is necessary that a student be in attendance throughout the school day in order to benefit fully from the educational program of the District.

The Board recognizes, however, that from time-to-time compelling circumstances require that a student be late to school or dismissed before the end of the school day.

As an agent for the education of the children of this School District, the Board shall require that the school be notified in advance of such absences by

- A. written (including email)
- B. personal (phone or face-to-face)

request of the student's parent, who shall state the reason for the tardiness or early dismissal. Justifiable reasons shall be determined by the Building Principal.

No student who has a medical disability which may be incapacitating may be released without a person to accompany him/her.

No student shall be released to anyone who is not authorized such custody by the parents.

Habitual Truancy

A student is considered a habitual truant if the student is absent from school without an acceptable excuse for part or all of five (5) or more days on which school is held during a school semester.

When a student initially becomes a habitual truant, the School Attendance Officer shall ensure that all applicable provisions of the School District's Truancy Plan are carried out.

Parent/Guardian Responsibilities

It is the responsibility of the student's parent or guardian to ensure that their child attends school regularly. Parents are expected to provide an excuse for all absences.

Student Responsibilities.

Students are required to attend all classes and other school activities on their daily schedule, unless they have been excused from school.

Make-Up Course Work and Examinations

A student whose absence from school was excused or unexcused shall be permitted to make-up course work and examinations missed during the absence when they return to school. It is the student's responsibility to contact his or her teachers to determine what course work and examinations must be made-up. Teachers shall have the discretion to assign substitute course work and examination. Teachers shall also have the discretion to specify where and when examinations and course work shall be completed, including outside regular school hours. The time for completing the work shall be commensurate with the length of the absence, unless extended by the Principal based upon extenuating circumstances.

STUDENT ATTENDANCE AT SCHOOL EVENTS

[NOTE: This section is for Elementary and Middle School Only]

The school encourages students to attend as many school events held after school as possible, as long as such attendance does not interfere with the student's school work and home activities. Enthusiastic spectators help to build School spirit and encourage those students who are participating in the event. (Board Policy 5855 – Student Attendance at School Events)

However, in order to ensure that students attending evening events as nonparticipants are properly safe-guarded, it is strongly advised that students be accompanied by a parent or adult chaperone when they attend the event.

The school will continue to provide adequate supervision for all students who are participants in a school activity.

STUDENT BEHAVIOR

A major component of the educational program is to prepare students to become responsible workers and citizens by learning how to conduct themselves properly and in accordance with established standards.

- H. act at all times in a manner that reflects pride in self, family and in the school.

Dress and Grooming

While fashions change, the reason for being in school does not. Students are in school to learn. Any fashion (attire, accessory, or hairstyle) that disrupts the educational process or presents a safety risk will not be permitted. Personal expression is permitted within these general guidelines.

If a student has selected a manner of appearance that is beyond mere freedom of expression and disrupts the educational process or presents risk to themselves or others, they may be removed from the educational setting.

The following styles or manners of dress are prohibited:

- A. present a hazard to the health or safety of the student himself/herself or to others in the school, including by way of communicating threats of harm or depictions of harmful conduct directed at others;
- B. interfere with school work, create disorder, or disrupt the educational program, including dress that promotes or depicts illegal activity, such as illegal drug use, underage alcohol consumption, or similar activities;

- C. cause excessive wear or damage to school property;
- D. prevent the student from achieving his/her own educational objectives because of blocked vision or restricted movement.

Students who are representing our school at an official function or public event may be required to follow specific dress requirements. Usually, this applies to athletic teams, cheerleaders, bands, and other such groups. (Board Policy 5511)

CARE OF PROPERTY

Students are responsible for the care of their own personal property. The school will not be responsible for the loss of personal property. Valuables such as jewelry or irreplaceable items should not be brought to school. The school may confiscate such items and return them to the student's parents.

Damage to or loss of school equipment and facilities wastes taxpayers' money and undermines the school program. Therefore, if a student damages or loses school property, the student or his/her parents will be required to pay for the replacement or damage. If the damage or loss was intentional, the student will also be subject to discipline according to the Code of Conduct, and may be referred to law enforcement. (Board Policy 5513 – Care of District Property)

PROHIBITED USE OR POSSESSION OF INTOXICANTS, DRUGS, OR PARAPHERNALIA

The administration and staff recognize that the misuse of drugs is a serious problem with legal, physical, and social implications for the entire school community.

As the educational institution of this community, our school strives to prevent drug abuse and help drug abusers by educational, rather than punitive, means.

For purposes of this policy, "drugs" shall mean:

- A. all dangerous controlled substances as so designated and prohibited by Wisconsin statute;
- B. all derivatives of hemp, including Delta-8-THC, Delta-9-THC, Delta-10-THC, Delta-11-THC, THC-O, and all other forms that cause psychosis; in all forms of delivery (i.e. inhalation, ingestion, injection, etc.) except those permitted by the school in accordance with Board Policy 5330 – Administration of Medications/Emergency Care;
- C. all chemicals which release toxic vapors;
- D. all alcoholic beverages;

- E. any prescription or patent drug, except those for which permission to use in school has been granted pursuant to Board policy;
- F. "look-alikes":
- G. essential oils and oil like products that may be mistaken for a drug;
- H. anabolic steroids;
- I. any other illegal substances so designated and prohibited by law.

The use, possession, concealment, or distribution of any drug, drug look-alike and any drug-paraphernalia at any time on school property or at any school-related event is prohibited. Disciplinary sanctions, up to and including expulsion and referral for prosecution, will be imposed on students who violate the school's drug abuse guidelines. (Board Policy 5530 – Student Use or Possession of Intoxicants, Drugs, or Paraphernalia)

USE OF TOBACCO/NICOTINE IS PROHIBITED

The Board is committed to providing students, staff, and visitors with a tobacco and smoke-free environment. The negative health effects of tobacco and nicotine use for both users and non-users, particularly in connection with second hand smoke, are well-established. In addition, students less than eighteen (18) years of age are generally prohibited by law from purchasing or possessing cigarettes and other tobacco products.

It shall be a violation of School District policy for any student of the School District to possess, use, consume, display, promote, or sell any tobacco products, tobacco industry brand, tobacco-related devices, imitation tobacco products, or electronic smoking or vaping devices, regardless of content, at any time on school property or at off-campus, school-sponsored events. (Board Policy 5512 – Use of Tobacco and Nicotine by Students)

The use of other products containing nicotine, such as nicotine patches and nicotine gum is also prohibited except when a student provides documentation from a licensed medical practitioner that the student's use of non-tobacco nicotine products is being medically supervised for the cessation of a nicotine addiction and the student complies with Board Policy 5330 - Administration of Medication/Emergency Care.

STUDENT CODE OF CLASSROOM CONDUCT

The school is committed to maintaining an orderly and safe academic atmosphere. Teachers are expected to create a positive learning environment and to maintain proper order in the classroom. Students are expected to behave in the classroom in a manner that allows teachers to effectively carry out their lessons and allows students to participate in classroom learning activities. Students are also expected to abide by all rules of behavior established by the school and their classroom teachers.

Such rules of behavior include a prohibition on knowingly making false statements or knowingly submitting false information during a sex discrimination complaint process, including intentionally making a false report of sexual harassment or submitting a false formal complaint. Providing false information is a violation of the Student Code of Conduct.

To ensure adherence to these expectations and principles, the Board has adopted a Code of Classroom Conduct, which applies to all students. (Board Policy 5500 – Student Code of Classroom Conduct)

Grounds for Removal of a Student from Class

Disturbances that interrupt the learning process cannot be permitted by any teacher. A teacher may temporarily remove a student from the teacher's class if the student violates the Code of Classroom Conduct. Additionally, the student may be removed from the class for a longer period of time at the discretion of the Principal. A student removed from class may also be placed in an alternative education setting.

Removal of a student from class for violating the Code of Classroom Conduct or placement of the student in an alternative educational setting does not prohibit the school from further disciplining the student for the conduct that caused removal or placement including, but not limited to, suspending or expelling the student.

It is neither possible nor necessary to specify every type of improper or inappropriate behavior for which a teacher may remove a student from class. Provided below, however, are examples of reasons a student may be removed from class. A teacher may remove a student from class for conduct or behavior that:

- A. would result in suspension or expulsion under the Board's policies and procedures;
- B. violates the behavioral rules and expectations of the school;
- C. is dangerous, disruptive or unruly. Such behavior includes, but is not limited to, the following:
 - 1. possession or use of a weapon or look-alike or other item that might cause bodily harm to persons in the classroom;
 - 2. being under the influence of alcohol or controlled substances or otherwise violating the District alcohol and drug policy;
 - 3. behavior that interferes with a person's work or school performance or creates an intimidating, hostile, harassing, or offensive classroom environment;
 - 4. arguing, taunting, baiting, inciting or encouraging an argument or disruption or group posturing to provoke altercations or confrontations;

5. disruption or intimidation caused by gang or group symbols or gestures, or gang or group posturing to provoke altercations or confrontations;
 6. pushing, striking, or other inappropriate physical contact with a student or staff member;
 7. interfering with the orderly operation of the classroom by using, threatening to use or counseling others to use violence, force, coercion, threats, intimidation, fear, or disruptive means;
 8. using dress or appearance in a manner that presents a danger to health or safety, causes interference with work, or creates classroom disorder;
 9. restricting another person's freedom to properly utilize classroom facilities or equipment;
 10. repeated classroom interruptions, confronting staff argumentatively, making loud noises, or refusing to follow directions;
 11. throwing objects in the classroom;
 12. repeated disruptions or violations of classroom rules, or excessive or disruptive talking;
 13. behavior that causes the teacher or other students fear of physical or psychological harm;
 14. willful damage to or theft of school property or the property of others; or
 15. repeated use of profanity.
- D. interferes with the ability of the teacher to teach effectively. Such conduct includes, but is not limited to, the following:
1. repeated reporting to class without bringing necessary materials to participate in class activities; or
 2. possession of personal property by school rules or otherwise disruptive to the teaching and learning of others.
- E. shows disrespect or defiance of the teacher, exhibited in words, gestures or other behavior; or
- F. is inconsistent with class decorum and the ability of others to learn. Such behavior includes, but is not limited to, sleeping in class, blatant

inattention, or other overt or passive refusal or inability to engage in class activities.

Procedure for Student Removal From Class

When a student is removed from class, the teacher shall send or escort the student to the Principal and inform the Principal of the reason for the student's removal from class. The teacher shall provide the Principal with a written explanation of the reasons for the removal of the student within twenty-four (24) hours of the student's removal from class.

The Principal will generally give the student an opportunity to briefly explain the situation. The Principal shall then determine the appropriate educational placement for the student.

Student Placement

The Principal shall place the student, who has been removed from a class by a teacher, in one of the following alternative educational settings:

- A. an alternative education program approved by the Board under State law;
- B. another instructional setting, time-out, in-school suspension or out-of-school suspension; or
- C. the class from which the student was removed if, after weighing the interests of the student, the other students in the class, and the teacher, the Principal determines that readmission to the class is the best or only alternative.

Parent/Guardian Notification Procedures

The Principal may provide the parent or guardian of a student removed from class-with written or oral notice of the removal and the reason(s) for the removal. The notification shall be made as soon as practicable, but no later than two (2) school days after the student's removal from class. The notice shall also include the reasons for the student's removal and the placement made by the Principal. If the removal from class and change of educational placement involves a student with a disability, the parent notification shall be made consistent with State and Federal laws and regulations applicable to disabled students.

If the student removed from a class is subject to disciplinary action up to and including suspension or expulsion for the particular classroom conduct and/or other disciplinary incidents the parent shall also be notified of the disciplinary action in accordance with legal and policy requirements.

Students with Disabilities

A student with a disability under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act, and 115.758, Wis. Stats., may be removed from class and placed in an alternative educational setting only to the extent authorized under the laws.

A “Class” or “classroom” means any class, meeting or activity which students attend, or in which they participate while in school under the control or direction of the District. This definition of “class” includes, without limitation, regular classes, special classes, resource room sessions, labs, library time, counseling groups, assemblies, study halls, lunch, or recess. “Class” also includes regularly scheduled District-sponsored extracurricular activities, either during or outside of school hours. Such activities include, by example and without limitation, District sponsored field trips, after-school clubs, and sporting activities.

OTHER FORMS OF DISCIPLINE

It is important to remember that the school's rules apply at school, on school property, at school-sponsored events, and on school transportation. In some cases, a student can be suspended from school transportation for infractions of school bus rules.

Ultimately, it is the Principal's responsibility to keep things orderly. In all cases, the school shall attempt to make discipline prompt and equitable and to have the punishment match the severity of the incident.

Informal Discipline

Informal discipline takes place within the school. It includes:

1. writing assignments;
2. change of seating or location;
3. lunch-time or after-school detention;
4. in-school restriction;

Detentions

A student may be detained after school or asked to come to school early by a teacher, after giving the student and his/her parents one day's notice. The student or his/her parents are responsible for transportation.

SUSPENSION AND EXPULSION

Board Policy 5610 – Suspension and Expulsion authorizes the use of suspension and/or expulsion as follows:

A. Suspension

1. Duration and Grounds for Suspension

The Principal or a person designated by the Principal may suspend a student for up to five (5) school days or, if a notice of expulsion hearing has been sent, for up to fifteen (15) consecutive school days or ten (10) consecutive school days if the student is eligible for special education services under Chapter 115, Wis. Stats., if the suspension

is reasonably justified and based upon any of the following misconduct:

- a. Noncompliance with school or Board rules;
- b. Knowingly conveying any threat or false information concerning an attempt or alleged attempt being made or to be made to destroy any school property by means of explosives;
- c. Conduct by the student while at school or while under the supervision of a school authority that endangers the property, health or safety of others;
- d. Conduct while not at school or while not under the supervision of a school authority that endangers the property, health or safety of others at school or under the supervision of a school authority;
- e. Conduct while not at school or while not under the supervision of a school authority that endangers the property, health or safety of any employee or Board member of the School District in which the student is enrolled.
- f. Under paragraphs c, d, and e above, conduct that endangers a person or property includes making a threat to the health or safety of a person or making a threat to damage property.

The District Administrator, or any Principal or teacher designated by the District Administrator shall suspend a student if the student possessed a firearm while at school or while under the supervision of a school authority.

The suspension period applies to “school days.” Thus, a suspension period does not include weekend days or vacation days.

2. Suspension Procedure

Prior to being suspended, on the day of the alleged infraction or as soon thereafter as is practicable, the student will be advised orally or in writing of the reason for the proposed suspension and given an opportunity to explain his or her conduct.

The Principal, within his or her discretion, may also inform the student’s parents or guardian of the reason for the proposed suspension prior to suspending the student.

3. Notice of Suspension

The parent or guardian of a suspended minor student shall be given prompt written notice of the suspension and the reason for the

suspension by mail and by sending a copy of the notice home with the student. Oral notice may also be given to the student's parent or guardian; however, it will be confirmed in writing.

4. **Sending a Student Home on the day of the Suspension**

Generally, the student should remain in school on the day of the suspension until school is dismissed for the day. Except as provided below, if the situation requires that the student be removed from the premises before school is dismissed, the Principal shall attempt to contact the student's parent or guardian to request that s/he pick up the student. If the parent/guardian is unable to pick up the student, the student should remain under the school's supervision until school is dismissed, or in the event law enforcement is involved, under law enforcement supervision.

5. **Opportunity to Complete School Work**

A suspended student shall not be denied the opportunity to take any quarterly, semester or grading period examinations or to complete course work missed during the suspension period. Such work shall be completed pursuant to the procedures established by the School Board.

6. **Reference to the Suspension in the Student's Record**

The student's suspension from school shall be entered in the student's record as required by the rules adopted by the School Board concerning the content of student records. The suspended student or the student's parent or guardian may, within five (5) school days following the commencement of the suspension, have a conference with an Administrator, who shall be someone other than a Principal, administrator or teacher in the suspended student's school, to discuss removing reference to the suspension from the student's records.

Reference to the suspension in the student's school record shall be removed if the administrator finds that:

- A. The student was suspended unfairly or unjustly;
- B. The suspension was inappropriate, given the nature of the alleged offense; or
- C. The student suffered undue consequences or penalties as a result of the suspension.

The administrator shall make his or her finding within fifteen (15) days of the conference.

7. **Co-Curricular or Extra-Curricular Participation**

A student's participation in co-curricular or extra-curricular activities during a suspension shall be determined on a case-by-case basis.

B. Expulsion

1. Grounds for Expulsion

The Board may expel a student only when it is satisfied that the interest of the school demands the student's expulsion and it finds that the student:

- A. Repeatedly refused or neglected to obey the rules established by the School District;
- B. Knowingly conveyed or caused to be conveyed any threat or false information concerning an attempt or alleged attempt being made or to be made to destroy any school property by means of explosives;
- C. Engaged in conduct while at school or while under the supervision of a school authority that endangered the property, health or safety of others;
- D. Engaged in conduct while not at school or while not under the supervision of a school authority that endangered the property, health or safety of others at school or under the supervision of a school authority or endangered the property, health or safety of any employee or School Board member of the School District in which the student is enrolled; or
- E. Was at least sixteen (16) years old and had repeatedly engaged in conduct while at school or while under the supervision of a school authority that disrupted the ability of school authorities to maintain order or an educational atmosphere at school or at an activity supervised by a school authority and that such conduct did not otherwise constitute grounds for expulsion.

Under this section, conduct that endangers a person or property includes threatening the health or safety of a person or threatening to damage property.

2. Expulsion for Bringing a Firearm to School

The Board shall expel a student from school for not less than one (1) year whenever it finds that the student brought a firearm to school or, while at school or while under the supervision of a school authority, possessed a firearm, unless the Board finds that the punishment should be reduced based upon the circumstances of the incident. Any such finding by the Board shall be in writing.

3. **Expulsion Hearing**

Prior to expelling a student, the Board shall provide the student with a hearing. Prior written notice of the expulsion hearing must be sent separately both to the student and his/her parent(s) or guardian(s) if the student is a minor; otherwise just to the student. The notice will comply with the requirements of State law.

The student, or the student's parent if the student is a minor, has the right to request a closed hearing or the Board may choose to close the hearing. The student and, if the student is a minor, the student's parent or guardian may be represented at the hearing by counsel.

4. **Expulsion Order**

The Board shall reduce its decision to writing in the form of a written order. If expulsion is ordered, the order must state the length of time that the student is to be expelled. The order should also state specific findings of fact and conclusions of law in support of the decision.

5. **Student Records**

The student's expulsion from school shall be entered in the student's record as required by the rules adopted by the Board concerning the content of student records.

Discipline of Disabled Students

Students with disabilities will be entitled to the rights and procedures afforded by the Individuals with Disabilities Education Act (I.D.E.A.) and the Americans with Disabilities Act (A.D.A.).

SEARCH AND SEIZURE

Search of a student and his/her possessions, including vehicles, may be conducted at any time the student is under the jurisdiction of the Board, if there is a reasonable suspicion that the student is in violation of law or school rules. A search may also be conducted to protect the safety of others or as otherwise permitted by law.

Students are provided lockers, desks, and other equipment in which to store materials. It should be clearly understood that this equipment is the property of the school and may be searched at any time if there is reasonable suspicion that a student has violated the law or school rules. Locks are to prevent theft, not to prevent searches.

All computers located in classrooms, labs and offices of the School District are the School District's property and are to be used by students, where appropriate, for educational purposes. The School District retains the right to access and review all electronic, computer files, databases, and any other electronic transmissions contained in or used in conjunction with the School District's computer system, network, and electronic mail. Students should have no expectation that any information contained on such systems is confidential or private.

Review of such information may be done by the School District with or without the student's knowledge or permission. The use of passwords does not guarantee confidentiality, and the School District retains the right to access information in spite of a password. A student's refusal to permit such access may be grounds for disciplinary action.

No strip searches will be conducted by any employee of the School District, but may be conducted by law enforcement officials, if deemed necessary.

The Principal may arrange for a breath test for blood-alcohol to be conducted on a student whenever s/he has individualized reasonable suspicion to believe the student has consumed or is under the influence of an alcoholic beverage while on school premises or while participating in a school-sponsored activity. If the student refuses to take the test, the Principal will inform the student that refusal to participate implies admission of guilt leading to disciplinary action consistent with this handbook.

Anything that is found in the course of a search that may be evidence of a violation of school rules or the law may be taken and held or turned over to the police. The school reserves the right not to return items which have been confiscated. (Board Policy 5771 – Search and Seizure)

STUDENT'S RIGHTS OF EXPRESSION

Our school recognizes the right of students to express themselves. With the right of expression comes the responsibility to do it appropriately. Students may distribute or display, at appropriate times, non-sponsored, noncommercial written material and petitions; buttons, badges, or other insignia; clothing, insignia, and banners; and audio and video materials. All items must meet the following school guidelines:

- A. A material cannot be displayed if it:
 - 1. is obscene to minors, libelous, indecent, or vulgar;
 - 2. advertises any product or service not permitted to minors by law;
 - 3. intends to be insulting or harassing;
 - 4. intends to incite fighting or presents a likelihood of disrupting school or a school event; or
 - 5. presents a clear and present likelihood that, either because of its content or manner of distribution or display, it causes or is likely to cause a material and substantial disruption of school or school activities, a violation of school regulations, or the commission of an unlawful act.

- B. Materials may not be displayed or distributed during class periods, or during passing times between classes. Permission may be granted for display or distribution during lunch periods and after school in designated locations, as long as exits are not blocked and there is proper access and egress to the building.

Students who are unsure whether or not materials they wish to display meet school guidelines may present them to the Building Principal twenty-four (24) hours prior to display.

Distribution or display by any student of prohibited non-school sponsored material or in violation of the school's approval process will be halted, and the student(s) involved will be subject to disciplinary action.

STUDENT DRESS AND APPEARANCE

The school recognizes that each student's mode of dress and appearance is a manifestation of personal style and individual preference. The school will not interfere with the right of students and their parents to make decisions regarding their appearance, except when their choices interfere with the educational program of the schools.

The school has established grooming guidelines as are necessary to promote discipline, maintain order, secure the safety of students, and provide a healthy environment conducive to academic purposes.

Accordingly, the school prohibits student dress or appearance practices that:

- A. present a hazard to the health or safety of the student himself/herself or to others in the school, including by way of communicating threats of harm or depictions of harmful conduct directed at others;
- B. interfere with school work, create disorder, or disrupt the educational program, including dress that promotes or depicts illegal activity, such as illegal drug use, underage alcohol consumption, or similar activities;
- C. cause excessive wear or damage to school property;
- D. prevent the student from achieving his/her own educational objectives because of blocked vision or restricted movement.

Such guidelines shall also apply to the dress requirements for members of the athletic teams, bands, and other school groups when representing the school at a public event. A uniform or specific dress requirement may be enforced for students when representing the school.

In enforcing the dress code, the following procedures shall be used:

- A. the principal shall serve as the initial arbiter of student dress and grooming in his/her building;
- B. before taking action to enforce dress code requirements, including by requiring that a student remove, cover, or otherwise conceal the item or depiction at issue, the principal shall determine whether the item constitutes protected speech in so far

as the item independently makes a statement of a discernable nature to the observer by depiction, words, or combination of the two that does not require separate explanation.

Expressive dress may not be protected speech if it involves:

A. Obscenity

B. Language or depictions intended to incite violence or foment hatred of others

Dress that is otherwise protected speech may still be prohibited if it is likely to cause a substantial disruption to the educational environment. This may include dress that includes the use of vulgarity, discriminatory language including racial or ethnic slurs, negative stereotypes, violence, or other communication when the clear intent is to invoke strong reactions in observers so as to impair the ability of teachers and/or students to engage in educational pursuit.

No protected speech may be prohibited on the basis of disagreement by school officials with the specific point of view expressed if the topic is otherwise permitted (e.g. permitting depictions of support for one political party, but prohibiting depictions of support for the other).

Students who violate the foregoing rules will not be admitted to class and may be subject to additional consequences.

If the clothing cannot be removed or concealed, the student may be sent home after contact is made with the student's parent/guardian. (Board Policy 5511 – Dress and Grooming)

STUDENT SUGGESTIONS AND COMPLAINTS

The school is here for the benefit of the students. The staff is here to assist a student in becoming a responsible adult. If a student has suggestions that could improve the school, s/he should feel free to offer them. Written suggestions may be presented directly to the Principal.

When concerns or grievances arise, the best way to resolve the issue is through communication. No student will be harassed by any staff member or need fear reprisal for the proper expression of a legitimate concern. As with suggestions, concerns and grievances may be directed to the Principal. (Board Policy 5710 – Student Complaints)

STUDENT DUE PROCESS RIGHTS

The Board recognizes the importance of safeguarding a student's constitutional rights, particularly when subject to the District's disciplinary procedures.

To better ensure appropriate due-process is provided a student, the Board establishes the following guidelines:

A. Students subject to suspension:

The suspended student, and if a minor, the parent of the suspended minor student shall be given prompt notice of the suspension and the reason for the suspension. The student or the student's parents may within five (5) school days following the beginning of the suspension, have a conference with an Administrator. This conference will serve as the opportunity for the student to respond to the charges against him/her. If the Administrator finds that the student was suspended unfairly or unjustly or that the student suffered undue consequences as the result of suspension, the student's record shall be expunged.

B. Students subject to expulsion:

Prior to expelling a student, the Board must hold a hearing. A student and his/her parent must be given written notice of the intention to expel and the reasons therefore, at least five (5) days prior to the date of the hearing. The hearing is the opportunity for the student and his/her parent to appear with a representative or legal counsel before the Board to answer the charges. The Board will keep written minutes of the hearing. The hearing will be closed. The student and/or his/her parent may appeal the expulsion consistent with 120.13, Wis. Stats.

SECTION V - TRANSPORTATION

BUS TRANSPORTATION TO SCHOOL

Bus transportation is provided for all eligible students. The bus schedule and route is available by contacting the District Administrator at (920) 853-3558.

Students will ride only assigned school buses and will board and depart from the bus at assigned bus stops. Students will not be permitted to ride unassigned buses for any reason other than an emergency, except as approved by the Principal.

A change in a student's regular assigned bus stop may be granted for a special need, if a note from a parent is submitted to the Principal stating the reason for the request and the duration of the change and the Principal approves. (Board Policy 8600 - Transportation)

BUS CONDUCT

Students who are riding to and from school on transportation provided by the school are required to follow some basic safety rules. This applies to school-owned buses as well as any contracted transportation that may be provided.

The driver is responsible for student safety and may assign seating or direct the student in any reasonable manner to maintain that safety.

The following behaviors are expected of all students:

Previous to loading (on the road and at school)

Each student shall:

- A. be on time at the designated loading zone;
- B. stay off the road at all times while walking to and waiting for the bus;
- C. line up single file off the roadway to enter;
- D. wait until the bus is completely stopped before moving forward to enter;
- E. refrain from crossing a highway until the bus driver signals it is safe;
- F. go immediately to a seat and be seated.

It is the parents' responsibility to inform the bus driver when their child will not be boarding the bus. The bus will not wait.

During the trip

Each student shall:

- A. remain seated while the bus is in motion;
- B. keep head, hands, arms, and legs inside the bus at all times;
- C. not litter in the bus or throw anything from the bus;
- D. keep books, packages, coats, and all other objects out of the aisle;
- E. be courteous to the driver and to other bus riders;
- F. not eat, play games or play cards, etc.;
- F. not tamper with the bus or any of its equipment.

Leaving the bus

Each student shall:

- A. remain seated until the bus has stopped;
- B. cross the road, when necessary, at least ten (10) feet in front of the bus, but only after the driver signals that it is safe;
- C. be alert to a possible danger signal from the driver.

The driver will not discharge students at places other than their regular stop at home or at school unless s/he has proper authorization from school officials.

CAMERAS ON SCHOOL BUSES

The Board has authorized the installation of cameras on school buses for purposes of monitoring student behavior.

If a student is reported to have misbehaved on a bus and his/her actions were recorded on the bus camera, the recording will be submitted to the Principal and may be used as evidence of the misbehavior. Since these recordings are considered part of a student's record, they can be viewed only in accordance with State and Federal law. (Board Policy 8600 - Transportation)

PENALTIES FOR INFRACTIONS

A student who engages in misconduct on a bus shall be subject to discipline and may be deprived of the privilege of riding on the bus.

SELF-TRANSPORTATION TO SCHOOL ***(For High School Students)***

Driving on school property is a privilege which can be revoked at any time. Students who are provided the opportunity to ride school transportation are encouraged to do so. Students and their parents assume full responsibility for any transportation to and from school not officially provided by the school.

Failure to comply with these administrative guidelines may result in loss of privileges and/or disciplinary actions for the student.

The following rules shall apply.

- A. Students who are licensed drivers must have a parking permit on file granting permission from their parents to park at school.
- B. Students shall complete the Student Vehicle Form which is available in the School office and provide:
 - 1. Make and Model of Vehicle;
 - 2. License plate number.
