

STUDENT ASSESSMENTS

Student assessment is important for measuring student growth and achievement and for improving individual student learning. The Hilbert School District measures student growth in a variety of ways. We use this information to not only measure student progress but also inform instruction and plan individual student interventions. For the 2023-2024 school year the following assessments will be administered during the time frames listed below. Your child will be assessed on some of the days indicated. Please watch for more information from our school and your child's teacher closer to these assessment windows.
